Landscape Contractors & Designers review in Calgary

My husband and I have wanted to complete landscaping for the last several years. Well, going through the last year of the COVID-19 pandemic was the reason for finally making that decision. After not being able to see family and friends for so long, we now look forward to hosting them! We couldn't have done it without Almac Landscapes Ltd. though. Alan and the team were excellent to work with and we would highly recommend them. From initial consultation, to design, and build, we appreciated their professionalism, thoughtfulness to details, and efficiency. We received many comments from our neighbours about how fast, courteous, and professional they were too. To recap, we had both the front and backyard landscaping completed. The whole project was done in 2 weeks! This was by far the largest project we've done with our home and we're so pleased we trusted Alan and Almac Landscapes Ltd. with the end results. Our family and friends stop by often to relax in the backyard with us. Grateful we've been able to enjoy it this summer already!
