Tomlinson in Calgary

Backyard And Sideyard Brickwork

10/10

03/20/2024

Last summer we called Allan at Almac to finish up a three part project in our yard. From our two previous jobs he completed we knew it would blend with the new. The crew are fantastic, work very well together and so efficient. We liked that if they saw something that needed to be done that we hadnt noticed they alerted us and fixed it right away. We would highly recommend Alan and his crew to anyone without hesitation. We have also had so many compliments on all the work and wanting to know who did the job.
